

**The Loppet Foundation
Seasonal Environmental Interns
Job Posting**

The Loppet Foundation's mission is connecting people to the outdoors through experiences that grow community. We value anti-racism, collaboration, growth, inclusion, play, stewardship and well-being. The foundation provides quality programming for youth and adults, produces world class adventures and sporting events, and strives to create a welcoming and inclusive community in its operations in Theodore Wirth Park. The Loppet staff are dedicated and energetic individuals who work together leveraging the various aspects of the Foundation to create a whole that is more than the sum of its parts.

About the Stories of Connection Project: The Loppet Foundation's Stories of Connection Project brings together community groups and others impacted by the life of the park to explore what Theodore Wirth Park means to people from the many different cultures that call Minneapolis home. This includes understanding points of inspiration and connection, as well as challenges faced by community members such as residents of BIPOC and lower income neighborhoods bordering the park. This multi-year project will tell these stories of connection to nature through art, media, signage, programming, and events throughout the community with the goal of increasing park usership and depth of experience as more people see their own stories reflected in the identity of Theodore Wirth Park.

Job Summary: The Environmental Intern delivers engaging nature and storytelling curriculum to North Minneapolis youth through the Loppet Adventures summer camps. They are a part of a summer outdoor pathways program for youth, which provides a paid opportunity to explore and play in Theodore Wirth Park and other North Minneapolis green spaces, focusing on nature connection, mindfulness, and environmental justice.
